

ISSUE NO. : 09-009	DATE : 23 Sep. 2009	PAGES : 1 OF 1
--------------------	---------------------	----------------

SUBJECT	MODIFICATION OF CLUTCH OUTER COVER
MODEL	GT-650, GV-650
EFFECTIVE F/M NO	REFER TO APPLICATION

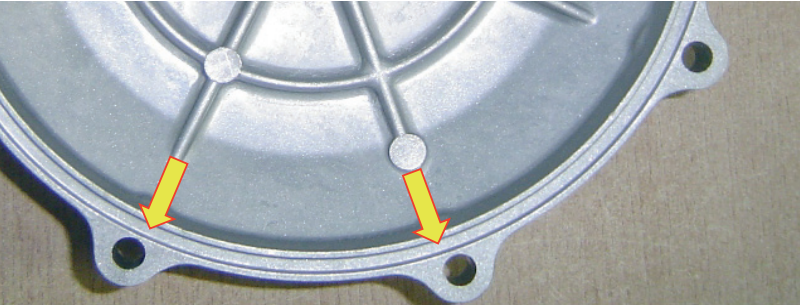

This service bulletin is written to inform the modification of CLUTCH OUTER COVER

1. PURPOSE

→ TO AVOID AN OIL LEAK FROM CLUTCH OUTER COVER.

2. SPECIFICATION

→ MODIFICATION OF O-RING JOINT

PICTURE	DESCRIPTION
<p><BEFORE></p> 	<p>Joint groove of O-ring is connected with screw hole. When a screw is tightened the screw pushes the O-ring and it causes an oil leak through the hole.</p>
<p><AFTER></p> 	<p>Modification of shape to avoid interference between a screw and O-ring.</p>

3. APPLICATION

- 1)GT-650 → ENGINE No : GT650-119304~. 2009-08-18
- 2)GV-650 → ENGINE No : GV650-113914~. 2009-08-18

- The End -
